Sounds good. Also, I just gave a talk to tribes on the permit, and Todd Thorn from Colville Tribes was interested in talking with you. If all right with you, I'll send your contact information.

Also, we're sending out the request for draft 401 certification for the Snake River hydro dams tomorrow, FYI.

Thanks, Jenny. I'm going to be out for the rest of the week. Let me talk to Chad about setting up a time for us to talk next week.

Ellie

Subject: US Army Corps Lower Columbia River dam - request for draft 401 cert

Hi Ellie (cc: Chad),

Attached above is the request for draft 401 certification on four US Army Corps hydroelectric generating facilities on the Columbia River: Bonneville Project, The Dalles Lock and Dam, John Day Project, and McNary Lock and Dam. It would be great to connect mid-next week to see what questions you may have. If you have any other questions before, please don't hesitate to contact me.

Sincerely,
Jenny Wu
